Profile

A lifelong learner, I am inspired to create computer systems that bring my background in psychology to the forefront of intuitive web design. My experiences include general IT, front and back-end web design, server development and maintenance. Being a team-player and a fair leader are the standards with which I measure my character.

Skills

Web Design

Combining technical skills with an understanding of cognitive science to create intuitive web applications. Passionate about delivering elegant and user-friendly solutions. Experienced in improving the user experience.

IT Experience

Experienced IT professional, able to complete projects independently. Proficient in multiple technologies and able to solve problems creatively. Committed to delivering high-quality results and improving technical abilities.

Leadership Skills

Experienced manager with diverse background in retail and restaurant operations. Skilled in leading teams and ensuring customer satisfaction. Committed to promoting a positive work environment and driving growth and success.

Technical

HTML5	Fetch API	SQL
CSS3	JSON	ORM
Javascript	NODE.js	MongoDB
Bootstrap	OOP	Bootstrap
Jquery	Express	React

Experience

BridgeWay To Independence 2019-2022
IT Director

Streamlined terabytes of data archival systems, implemented email security measures and employee website portal validation. Worked on in-house data server systems and solved any tech challenges that would come up in day to day operations. Major focuses on website maintenance, email systems, data management and electronic visit verification (EVV) required by the state of Minnesota.

Taste of Saigon, Maplewood/Best Taste of Pho Saigon, Blaine 2018-2019
Restaurant Manager

Managed food safety (MN certified). Handled scheduling, hiring and training of staff, as well as day to day operations of the restaurant. Kept stock and interfaced with distributors to keep the business running up to and during the pandemic.

Sentry Foods 2015-2018
Retail Manager

Managed scheduling and operations for front of house staff (cashiers, floral, deli, customer service). Accounted for cash, payroll and recorded stock at end of shift. Directed customer service and implemented corporate policy
